Mrs. Leslie S. Wright

# Dedication

For her friendly interest in every student, her unswerving loyalty to Samford; her tireless work in behalf of every phase of the University and her radiant Christian personality, we proudly dedicate this 1973; *Entre Nous* to Samford's First Lady, Mrs. Leslie S. Wright.

Samford's First Lady, Mrs. Leslie S. Wright, is a native of Birmingham. Born Lolla Catherine Wurtele, she received the B.A. Degree from the University of Alabama and the M.A. Degree from the University of Louisville. Mrs. Wright attended several summer sessions on the old Howard College campus in the eastern section of Birmingham. Several years later, in the spring quarter of 1946, while her husband was still on active duty with the U.S. Navy, Mrs. Wright taught algebra and trigonometry at Howard College. Most of her students were veterans of World War II.

When Dr. Wright became Samford's sixteenth President in September, 1958, Mrs. Wright immediately became deeply involved in the life of the University. Her charm and grace made her a great favorite with students, faculty, trustees and alumni. She loves the students and has assisted great numbers of them with a multitude of problems. A good listener and always avail-

able to lend a helping hand, she knows how to get things done for students in record time. She has served as an extremely valuable channel of communication for students.

As the lovely and gracious hostess for a wide variety of University functions each year, Mrs. Wright uses her rare abilities to win friends and influence people for Samford. The President's Home, where she presides with poise and dignity, is a frequent gathering place for students, faculty, alumni, trustees and other friends of the University.

A surprisingly large number of happily married students, faculty members and alumni can give personal testimony to Mrs. Wright's unique talents as a match-maker. She refers to them as her adopted children.

A strong supporter of Samford's athletic programs, Mrs. Wright has a special place in her heart for these men. They feel free to bring their problems to her and she gladly helps in many ways. Through the years she has served as an honorary member and sweetheart of the "S" Club. Former athletes and others among the alumni frequently bring their children by the President's Home for a visit and renewal of friendship with Mrs. Wright and the President.

Extremely active in religious, civic, cultural and patriotic organizations, Mrs. Wright has made valuable contributions to her community and state. Her vibrant personality, quick wit and ready smile have contributed enormously to the growth and progress of Samford University over the past fifteen years.

Possessing the rare ability to combine the busy life of the wife of a University president with that of mother and homemaker, she takes great pride in two fine lawyer sons and two lovely daughters-in-law. All four are Samford graduates. Two wonderful grandchildren complete the family circle.

When we feel free to  
let our new thoughts become  
the basis for tomorrow's world,  
when we can hold together  
even though our center divides,  
if we can see the aged  
and learned and respect  
their lives,  
Then we can focus on  
our young world  
through maturing eyes.

Building our lives  
from the lives of those  
we respect  
is the foothold  
to our beginning.

Pure love and truth  
exist through  
God's very young.  
Shall a child  
one day lead?

Must every community  
know hypocrisy,  
deceit, defeat?

You are my brother, because  
you are a human,  
and we both  
are sons of one Holy Spirit;  
we are equal and made of the same earth. . . .  
You may  
speak of me as you choose,  
for tomorrow will take you away  
and will  
use your talk as evidence  
for his judgment,  
and you shall receive justice. . . .  
You may  
do unto me whatever you wish,  
but you shall not  
be able to touch my Truth. . . .  
You shall not enslave  
my thinking, for it is free,  
like the breeze in the spacious sky.
